Come solidify your understanding of the special education process through this face-to-face two-part series.

Fall Part 1: Collaborate with other teachers as we guide you through the thread of information from Referral to the IEP.

Spring Part 2: Get back together to dive deeper into the process through practice and hands-on activities.

Ideal for new-to-the-field special education teachers and new-to-Idaho special education teachers. Also, beneficial for experienced special education teachers who need an up-to-date review of the special education process.

Essential Components include State and Federal requirements (FERPA and IDEA). Take-away resources provided include state IEP form examples, toolbox binder, and online resources vetted by the SDE.
